

## The Burlington Apartments Portland, Oregon

### Public Piazza

The Burlington Apartments are located on the eastern edge of the River District between NW 9<sup>th</sup> and NW 10<sup>th</sup>, and south of NW Lovejoy.

KLA designed the landscape to help resolve conflicts between surface parking areas at the southeast corner of the site and Kearney Walk, a pedestrian street and parkway. The parking lot will be screened from direct pedestrian view by the use of a sculptural screen designed by the architects and inspired by the building style. In addition, a rhythmic procession of raised planters, bench seating, lawn panels and decomposed granite paving invites passersby to take respite in a variety of intimate urban courtyards sheltered by ornamental trees.

Kearney Walk is an important link to other public open space in the area.
